No 363 OFFICE OF THE PRESIDENT, MUNICIPAL COUNCIL

Bangalore City, dated 15th June 1914

Enclo

Rl 364-13 D7472

From

DEWAN BAHADUR RAJA SABHA BHUSHANA
K P PUTTANNA CHETTY, Esq,
Honorary President, Municipal Council,
Bangalore City

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments, Bangalore

SIR,

With reference to your Memo No. 11410 / M1 dated the 13th May last, forwarding letter No. 769 dated the 5th idem from the President of the Municipal Commission, Civil and Military Station, Bangalore, stating that the grounds of the Indian Institute of Science have been exempted from the operation of the Bangalore Municipal Law, I have the honor to forward herewith for information and orders of Government copy of resolution of the Municipal Council dated the 30th May 1914 pointing out the necessity for the said grounds being brought under the control of the Municipal Law of the Civil and Military Station of Bangalore.

2. The Contractors engaged by the authorities of the Research Institute burn huge brick and lime kilns often for days together, in the grounds of the Institute close to the Sankey's Reservoir. As the smoke from these kilns created much nuisance throughout the Malleswaram Extension,

the

the residents thereof make a loud complaint in the matter. The President of the Civil and Military Station Municipality has stated that he cannot take any action on the point as the grounds are out of the Municipal jurisdiction of the Civil and Military Station. As the burning of brick and lime kilns and other trades are likely to be carried on with impunity close to the Extension, throughout the year, in connection with the works, relating to the Research Institute, and as the constant plying of such trades on a large scale so near the inhabited area is likely to affect the health and comfort of the people thereof, I request you will be so good as to move the Government to take such steps as may be deemed necessary in the matter with a view to bring the Institute grounds under the operation of the Civil and Military Station Municipal Law as recommended by the City Municipal Council.

I have the honor to be
Sir,
Your most obedient servant,

K. N. Macnaghten
Honorary President.

14. Letter No. 769 dated the 5th May 1914 from the President of the Municipal Commission, Civil and Military Station, Bangalore, received through the General and Revenue Secretary's Memo No. 11410 dated the 13th idem stating that the grounds of the Research Institute (Indian Institute of Science) have been exempted from the operation of the Bangalore Municipal Law and therefore no action can be taken to prevent the nuisance caused by the burning of brick and lime kilns, within the premises of the Institute close to the Malleswaram Extension.

Resolution - Recorded.

Also resolved that Government be addressed in the matter of getting the grounds of the

of the Indian Institute of Science brought under the operation of the Municipal Law of the Civil and Military Station of Bangalore.

Sd. K.P. Puttanna Chetty,
Honorary President.

To.

The First Assistant

to the Hon'ble the Resident in Mysore

Bangalore

Sir,

I am directed to state that the President, Municipal Council, Bangalore City, reports that the smoke from the huge kilns in which lime and bricks are now being burnt for the use of the Government of the Indian Institute of Science near Sankey's Reservoir has become a source of great nuisance to the inhabitants of Malleswaram, and that when he addressed the President of the C & M Station Municipal Commission to take steps to abate the nuisance, as the kilns are situated within the grounds of the Institute of Science over which jurisdiction has been ceded to the Government of India, he was informed that no action could be taken as the grounds are outside the Municipal jurisdiction of the C & M Station

2 The Durbar consider that the health and comfort of the people living in the Malleswaram are likely to be greatly affected by the manufacture of lime and bricks so close to the Extension, and that it is therefore desirable to impose some restrictions on the burning of such materials in close proximity to inhabited areas. In these circumstances I am to request you kindly to place the subject before the Hon'ble the Resident for

6

taking such action as he may deem fit in order to bring the subject of the kilns to proper control.

I have etc.,

Secretary to Government
